ENDORSED BY

ISRS
Endorsed Event

OCTOBER 31 - NOVEMBER 01, 2025
RADISSON BLU PARK HOTEL
ATHENS, GREECE

FRIDAY 31 October 2025

COURSE

- General principles of Radiosurgery-10'
- Basic Radiosurgery Radiobiology-10'
- Basic Physic Principles in SRS -10'
- Immobilization for intracranial SRS Techno-10'

Christos Boskos
Vasileios Kouloulis
Pola Platoni
Periklis Papavasileiou

- Advanced imaging for SRS -10'
- Radiosurgery for Brain Metastases. -10'
- Malignant Primary Tumors. – 10'
- Complications – Radiation Necrosis -10'

Eftychia Kapsalaki
Maria Protopapa
Maria Piperi
George Kritselis

Coffee Break

- Intracranial Meningiomas -10'
- Vestibular Schwannoma -10'
- Pituitary Adenoma -10'
- Spinal Radiosurgery. -10'
- Vascular Malformations -10'
- Functional SRS (incl. Tremor, OCD, ...)-10'

Vasileios Tsioukis
Christos Boskos
Effie Petinellis
Georgia Filipou
Stelios Pikis
Panagiotis Nomikos

Break

2ND CNSRADIOLOGY ATHENS MEETING

RADIOLOGY FOR CENTRAL NERVOUS SYSTEM
(INTRACRANIAL/SPINAL)

Endorsed Event

OCTOBER 31 - NOVEMBER 01, 2025
RADISSON BLU PARK HOTEL
ATHENS, GREECE

CONGRESS DAY 1

Opening Lecture

Marc Levivier

GENERAL PART

- Central role of Nurse in SRS department - 10'
- Motion Management control for Intracranial SRS Techno1 -10'
- Immobilization and Positioning Considerations for Spinal SRS Techno 2 -10'

Zacharoula Kaseri

TBA

TBA

PHYSICS and RADIOBIOLOGY

- Basic Physic Principles in SRS -20'
- Radiobiology: Biologically Effective dose I-20'
- Radiobiology: Dose tolerance OAR and toxicity -20'
- ISRS Certification program -10'

Chryssa Paraskevopoulou

Ian Paddick

Thierry Gevaert

Ian Paddick

Lunch

Advanced Imaging for SRS

- AI and Computational Imaging: Opportunities in neuro-oncology. -20'
- Advanced Imaging in radiosurgery for Target Definition in tumors and Vascular malformations -20'
- PETamino in radiosurgery for Target Definition in Benign and Malignant Tumors -20'

Nikos Papanikolaou

Vasilis Katsaros

Dimitris Drougkas

Companies Session (1 hour)

- (Varian, Elekta, ZAP, Accuray, BrainLab, RT Safe)

Brain Metastases I

- Neurofunctional preservation of Brain with SRS -15'
- Large Metastases -15'
- Re-irradiation of Brain Meta after recurrence? -15'
- Brainstem Metastases -15'
- Melanoma Brain Metastases: Combined Therapy immuno+SRS -15'
- Wellcome presentation
- LECTURE: The economic benefit of Radiosurgery for public and private health systems

Eva Liouta

Charles Valery

TBA

Christos Boskos

Apostolos Laskarakis

Georgios Stranjalis

George Bovis

2ND CNSRADIOLOGY ATHENS MEETING

RADIOLOGY FOR CENTRAL NERVOUS SYSTEM
(INTRACRANIAL/SPINAL)

ENDORSED BY
 ISRS
Endorsed Event

OCTOBER 31 - NOVEMBER 01, 2025
RADISSON BLU PARK HOTEL
ATHENS, GREECE

- Public Health Insurance and Radiosurgery EOPYY
- Minister of Health

TBA

CONGRESS DAY 2

SATURDAY 01 November 2025

SRS Guidelines

- ISRS Radiosurgery Guidelines program: 2025 Update-15'
- CNS Radiosurgery Guidelines project in Greece -15'

Thierry Gevaert
Christos Boskos

Meningiomas – Treatment, Timing, Delivery

- Microsurgery for Skullbase Meningioma (NS) -20'
- Cavernous Sinus and other Skullbase Meningiomas -20'
- SRS for Atypical and Malignant Meningiomas -20'

TBA
Antonio Santacrose
Alfredo Conti

Break

Vestibular Schwannoma

- Microsurgery for VS: Cons and Prons -20'
- KOOs I VS: what is the proper time for SRS? -20'
- Re-irradiation for recurrent VS ? -20'
- Longterm results of QoL in patients treated with SRS for AN-20'

Charles Valery
Anne Balossier
Constantin Tuleasca
Øystein Tveiten

Spine Stereotactic Radiosurgery

- Spine SRS in primary intracanal and extracanal tumors -15'
- Stereotactic Radiosurgery for Spine Metastases. -15'

TBA
Alfredo Conti

Lunch

2ND CNSRADIOLOGY ATHENS MEETING

ENDORSED BY
 ISRS
Endorsed Event

OCTOBER 31 - NOVEMBER 01, 2025
RADISSON BLU PARK HOTEL
ATHENS, GREECE

Companies Session (1 hour 30')

- (Varian, Electa, ZAP, Accuray, BrainLab, RT Safe)

Debate and Conflicts

- Frame versus Frameless SRS in functional treatments? -15'
- VS KOOs IV: Maximum resection or Hybrid Surgery? -15'
- Large AVMs: Staged Volume, Staged Dose or Hybrid? -15'

Thierry Gevaert
Constantin Tuleasca
Selcuk Peker

Break

Vascular Malformations

- AVMs: Surgical and Embolization treatment -15'
- SRS for AVMs -20'
- Cavernoma -15'

Vasileios Katsaridis
Selcuk Peker
Christos Boskos

Neurofunctional

- Trigeminal Neuralgia - REZ isocentric SRS or midline non Isocentric SRS? -20'
- Epilepsy -15'
- Thalamotomy for Essential tremor -15'
- Thalamotomy for pain -20'
- Hypophysectomy for cancer and SRS for Psychiatric -20'

Alfredo Conti
Anne Balossier
Constantin Tuleasca
Andrea Franzini
Constantin Tuleasca

Closing Remarks
